### **Private Paediatric Consultations at Leckhampton Surgery**

Dr Marie Wheeler, Consultant Paediatrician, is now able to offer private appointments for General Paediatrics and Allergy consultations at Leckhampton Surgery on Friday mornings 8:30-12:30 for babies through to 17 year olds. She is the Lead Consultant for the Paediatric Gloucestershire Allergy Team, which she set up 12 years ago, and Acute Lead for Paediatrics in Gloucestershire.

#### ***General Paediatrics***

A whole range of conditions including headache, migraine, abdominal pain, constipation, chronic fatigue, urinary tract infection, possible coeliac disease and many others consulted on.

#### ***Allergy***

Conditions most frequently seen include babies with possible cows milk protein allergy or intolerance, or gastro-oesophageal reflux, for exploration of specialized milk and further management which is her specialist area.

All allergic conditions are seen including food allergy and intolerances, asthma and other 'chesty' conditions, chronic urticaria and angioedema, house dust mite allergy, hay fever, oral allergy syndrome, anaphylaxis, vaccine adverse reactions and others may be referred.

She has just begun to offer Sublingual immunotherapy (SLIT) assessments, prescriptions and management for severe hayfever /allergic rhinitis
