

Leckhampton Surgery Patient Participation Group 2024

The Patient Participation Group (PPG) is a group of volunteer patients and representatives from the practice who meet around every 2/3months at the surgery to discuss the services offered by the surgery and how improvements can be made for the benefit of patients and the practice. The PPG is keen to assist in the development and growth of the practice and does not act upon specific complaints.

The group has been active since September 2023 following a pause due to Covid. The PPG is currently under represented by younger patients and would welcome younger patients who would be interested in joining. The group is also seeking a secretary who will take minutes of the meeting and prepare the agenda together with the Chair.

Click on the links for more information on PPGs <https://www.nhsglos.nhs.uk/have-your-say/working-with-you/patient-participation-groups/> and <https://www.patients-association.org.uk/pages/category/patient-participation-groups>

Occasionally the PPG may send out a survey to patients. If you would be interested in taking part in surveys please complete the PPG form. Thank you!
